Bokyoung Byun

Recipient of the 2023 Avery Fisher Career Grant, Bokyoung Byun has rapidly emerged as one of the most sought-after guitarists of her generation. After completing degrees at The Juilliard School and the University of Southern California, she is the first female winner of the prestigious JoAnn Falletta International Guitar Concerto Competition. Her performance there was praised by Falletta as “stunning, showcasing her gorgeous tone, immaculate technique, and sophisticated musicianship.” Bokyoung Byun’s recent honors include the grand prizes at the Montreal International Classical Guitar Competition and the prestigious 2021 Guitar Foundation of America International Concert Artist Competition where in a review it was said of her playing “state of the art guitar performance has reached a new level.”
